## OAHS Low Cost Vaccine/Microchip Clinic

### Dog Vaccines

- Rabies \$15 (*12 weeks and up*)
  - A fatal disease that is transmitted by bite wounds from other mammals. Rabies is required by law in Wisconsin.
  - 1 and 3 year vaccines available (*must present a previous rabies certificate for a 3 year vaccine to be issued*)
- Distemper combo (distemper-hepatitis-parvovirus-parainfluenza) \$15 (*8 weeks and up*)
  - These diseases cause a variety of symptoms including vomiting, diarrhea, and respiratory disease, and can be life-threatening
  - Puppies and some dogs will require a booster in 3-4 weeks
- Bordetella \$15 (*8 weeks and up*)
  - Protects from one bacteria that can cause Kennel Cough (contagious infection common in dogs that go to daycare, boarding kennel, groomer, dog park, etc.)

### Cat Vaccines

- Rabies \$15 (*12 weeks and up*)
  - A fatal disease that is transmitted by bite wounds from other mammals. Rabies is required by law in Wisconsin.
  - 1 and 3 year vaccines available (*must present a previous rabies certificate for a 3 year vaccine to be issued*)
- Distemper combo (panleukopenia-rhinotracheitis-calicivirus) \$15 (*8 weeks and up*)
  - These diseases cause a variety of symptoms including vomiting, diarrhea, and respiratory disease, and can be life-threatening
  - Kittens and some cats will require a booster in 3-4 weeks

### Microchipping \$20+ tax – Dogs, Cats, Puppies, & Kittens

- A small chip (about the size of a grain of rice) is inserted below the skin with a needle. The chip is registered with your contact information. All animal shelters, veterinary clinics, and some police/animal control officers have scanners which can be used to help return your pet to you if it becomes lost
